April 2024

Volume 18 Issue 4

The Newsletter of the Columbia Gem and Mineral Society

EDITOR'S MESSAGE

Welcome to all continuing and new members. As previously stated, it will be difficult for us to return to McKissick Museum this year, so we are still trying to locate a new meeting place. This month we will meet back at Hope Church. A special thanks goes out to Carol Elliot and Angela Valvasori for their assistance in reserving the meeting room at Greenlawn Baptist Church for our March meeting. It was a nice meeting location and could be an option for the future.

Our March program was presented by Dr. Gwen Geidel who spoke about the Gills Creek Watershed. She made an excellent presentation and has agreed to come back next year to talk about the reclamation efforts at Graves Mountain. Most of us have been to Graves Mountain and seen some of the work that has been going on there.

I have an important request. The club needs a secretary. This is an easy position with the primary responsibility being taking meeting minutes. I have held this position several times and assure you that is not time consuming. It is, however, important for the club. There is no prerequisite for this position and newer members would be welcome. Along with taking the minutes, the secretary can participate in board decisions which is really helpful for the club. Please consider volunteering.

It is time to start preparing for the 2024 Gem and Mineral Show. Soon members will be asked to participate in planning meetings. Participation by members will be greatly appreciated.

As a reminder, there are several mineral collecting field trips to choose from posted in the Rocky Trails. Look on pages 9-13 for details. I have collected at each of these sites and have many nice specimens from all of them. If you have not been to Graves Mountain, it is a great place to collect rutile and lazulite.

Finally, if you know anyone who wants to join the club, there is a membership form at the end of this edition. Also, do not miss the solar eclipse.

Stay in touch,
Ron Ahle

NEXT MEETING

April 15, 2024

The April 2024 CGMS meeting will be held at **Hope Church** located at 2609 Seminole Road. It is off Broad River Rd. and is easily accessible from I-26 or I-20. Use the side door to enter. We will meet in the Fellowship Hall. Socializing and refreshments at 7:00 pm. Meeting at 7:30 pm.

PROGRAM:

Field Trip and Class Show and Tell:

Bring rocks and fossils you have found on a field trip and any other find. Bring lapidary items you have made in a class or items you have created on your own.

CGMS will provide Door Prizes. The Club needs Door Prize donations for the May, June, August, and October meetings. Contact Sue if you are willing to donate for these months.

Sharon Sterrett, Susan Bloodworth, and Sheila Frame will provide refreshments.

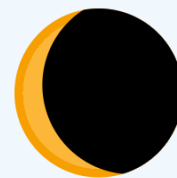

Executive Meeting

April 22, 2024

Dinner: 6 pm, Meeting: 7 pm

Grecian Gardens, 2312 Sunset Blvd., West Columbia. Members are welcome to attend. Only executive members can vote.

South Carolina, United States

GENERAL MEETING MINUTES

March 18, 2024, Monthly Meeting of Columbia Gem and Mineral Society

The Columbia Gem and Mineral Society, Inc. held its monthly meeting on March 18, 2024, at Greenlawn Baptist Church. President Jim Cobb called the meeting to order at 7:30 PM. Jim welcomed guests and visitors. Jim thanked Carol Elliot and Laura Bailey for refreshments. Then Jim thanked Ron Ahle for door prizes. Jim welcomed all new members and guests and asked them to introduce themselves. The members voted to approve minutes as published in the February Rocky Trails.

Treasurer: Angela Valvasori said she transferred club money into a CD at a higher rate of interest.

Membership: Sheila Frame said the club has 137 members: 116 adults and 21 juniors. **Sunshine:** Everyone was glad to see Terri Tokaz back after her surgery. Jesse Gates had some medication issues.

Programs: Sue Shrader said Kim Cochran would be the speaker in April, but she wanted to know other possible speakers for the future. Sue then passed around a list for refreshments.

Show Committee: Club members discussed the scholarships for Wildacres and William Holland.

Workshop Committee: Cheryl Coker said they had been looking at possible lots, but the club would be looking at possible ideas for buildings to go on the lot.

Rocky Trails and Field Trips: Ron Ahle asked if all members were receiving Rocky Trails. He reminded members of upcoming field trips to Charleston for fossils and to Graves Mountain. Susan Bloodworth reminded members to pick up a few small specimens for grab bags and the salt mine. Ron Ahle reminded members that upcoming field trips would be in the Rocky Trails.

Website: Steve Coker said the Website was up. **Facebook:** Sue Shrader said the club has two Facebook pages: one for club related news and the other was a group page for anything topically related.

Old Business: Ron Ahle mentioned that the club needed a secretary. Cheryl Coker suggested that the club could possibly use a computer recording method for recording minutes. Although not ruled out, the board generally agreed that we need an in-person secretary.

Jim concluded the meeting with door prizes and introduction of the guest speaker: Gwen Geidel. Since there was no further old or new business, the meeting was adjourned, and the program was commenced. The program was a presentation on the Gills Creek Watershed that flows from above Sesquicentennial State Park to the Congaree River and covers much of central Richland County including much of the City of Columbia, Arcadia Lakes, and Forest Acres.

Respectfully submitted by Susan Bloodworth

BOARD MEETING MINUTES**March 25, 2024, Board Meeting of Columbia Gem and Mineral Society**

The Columbia Gem and Mineral Society held their monthly board meeting on March 25, 2024, at Grecian Gardens at 2312 Sunset Blvd., West Columbia, SC 29169. Officers, committee chairpersons and members present were Jim Cobb, Angela Valvasori, Ron Ahle, Dee Iurcovich, Sue Shrader, and Gary Hert. The meeting was called to order at 7:00p.m. President Jim Cobb mentioned the club needs a secretary. Sue volunteered to take the minutes.

Committee and Officer Reports:

Treasurer: Angela has completed the IRS Tax filing, invested in a new CD, made donations to William Holland Lapidary School & Hope Church, and reviewed the club's checking account and CDs amounts.

Membership: No report. **Sunshine:** Terri Tokaz is recovering from surgery. Jess Gates is home from the hospital after complications from the medication given to him.

Programs: Sue said Kim Cochran is scheduled to give a program soon. Future Program speakers was discussed with board members. **Auctioneer:** Another silent auction is planned for 2024.

Show: A show planning meeting will be scheduled in May. Gary will purchase new tires for the show trailer the first week of April. The cost of the new tires and some other accessories were approved. Banks Ratchford will pull the trailer for him. The new tires need to be purchased before the show geodes are bought.

Meeting Location: Most of the club meetings will continue at Hope Church. The McKissick Museum on USC is unavailable for the rest of 2024 due to staffing shortages. Sue will contact Mandy about the April and May meetings at Hope Church. Alternative locations were discussed. Angela had researched several locations including The Columbia Garden Club building near Maxie Gregg Park, ETV, and a City of Columbia Woodlands Park community center near the VA Hospital.

Workshop: Gary has been giving cabbing lessons at the club storage building workshop. He has also cut some rocks for club members. He reminded us, new members get five free hours of workshop time. Six hours of workshop time can be purchased for \$25. Dee gave a sample report on sewer, electricity, water, and sewer fees for a workshop in Lexington County.

Ron Ahle made a motion to adjourn, Gary Hert seconded the motion. Jim Cobb adjourned the meeting at 8:52.

Respectfully submitted by Sue Shrader

Social Media Helps our Club Stay Social!

To access our web site, type “CGMS.ROCKS” in your internet browser or you can search for Columbia Gem and Mineral Society in Google. **The Club’s website is:** www.cgms.rocks

To join the discussion with other CGMS members on **Facebook**, look under the Community tab, where you will find the Columbia Gem and Mineral Society Member Group. When you ask to join the Group, please be sure to agree to follow the rules: Be Kind, No Hate Speech or Bullying; and No Promotions or Spam. Please feel free to add photos of your interesting finds, share your Jewelry making, or your field trip experiences.

LAPIDARY WORKSHOP

The CGMS lapidary workshop in West Columbia, SC is open. To use the rock saws and cabbing machines call or email Gary Hert at gchert@hotmail.com or 803-794-9362. There is an hourly rate for using the machines.

301 Gervais Street
Columbia, SC 29201
803-898-4921

Advance online ticket purchases are encouraged, especially if you wish to see planetarium and/or 4D shows.

Hours of Operation:
Mon: CLOSED
Tue – Sat: 10 a.m. to 5 p.m.
Sunday: 12 to 5 p.m.

Planetarium Theater Shows

Black Holes: Unimaginably powerful, relentless, and invisible, black holes are some of the most fascinating and extreme objects in the universe. They warp space and time, swallow up stars, and can grow to monstrous sizes. How do they form? Where are they found? What would happen to you if you fell into one? Go on a mind-bending journey that brings you face to face with these strange and enigmatic denizens of the cosmos.

James Webb Space Telescope: The Story Unfolds: See strange distant worlds in stunning detail and witness the evolution of galaxies over billions of years as revealed by the most powerful telescope ever built. Featuring groundbreaking images from NASA's James Webb Space Telescope visualized in brilliant 4K resolution, this special live planetarium experience explores the incredible, complex science behind the James Webb mission. Developed by the U.S. Space & Rocket Center in Huntsville, AL, this 42-minute live, interactive show also highlights the incredible science behind the James Webb mission. The State Museum is proud to be one of only two locations outside of the USSRC to debut this special planetarium experience that will bring new discoveries to audiences.

Show Run Time: 45 min.

Shark: A 4D Experience

Come face to face with some of the world's most strange and mysterious shark species. These extraordinarily intelligent underwater giants each exhibit unique behaviors to navigate their ever-changing environment. Essential to the fragile balance of our ocean's health, BBC Earth's *Shark: A 4D Experience*® explores the complex nature of these magnificent creatures' survival instincts. Stunning 3D and special effects place you right in the middle of the action as sharks reveal their hidden traits while roaming an eerily beautiful underwater landscape.

Museum Special Exhibit:

Apollo 16 & Beyond: South Carolina in Space

This new exhibition explores the Apollo 16 lunar mission and the historic moonwalk of SC astronaut Charles Duke. In addition to featuring many Apollo 16 objects, the exhibition will also highlight South Carolina scientists and engineers who have contributed to the field of aerospace research and exploration.

Digging Through the Past: Ongoing through Saturday, May 4, 2024, 3 p.m.

ADMISSION: Free

Anthropology Professor Dr. Kelly Goldberg will be teaching a class for the SC Honors College this spring where students will be excavating a portion of the historic Horseshoe. The focus area is in front of McKissick Museum between the footprint of where the University President's House used to stand and where the McKissick Museum building is now. The goal of this research project is to provide evidence through archaeological remains of the lifeways of those working in the former President's House and its attendant buildings. The findings will be exhibited on the second floor of McKissick Museum as a pop exhibit. Every few weeks, students will add items and information to the small exhibit throughout the duration of the semester.

News Worth Digging Up

Gemstone Discoveries: What Is the Likelihood of Finding a 'New' Gemstone?

Date: May 1, 2023

Source: The Gemological Association of Great Britain

“Professional gemmologists are often asked similar questions, like is there anything ‘new’ left to discover?” states the Author, Pat Daly. The author concedes that gemmologists cannot know what might be discovered in the coming decades, but consideration of the many gem species and varieties which have been discovered in the past can indicate a likelihood of finding them in the future. In this article, the author gives a brief history of recent discoveries and lists some of the new gemstones discovered in the 20th century such as sapphire-blue benitoite, kunzite, morganite, purple tanzanite, color-change diopside and sky blue larimar. In addition to these, other particularly interesting stones include ekanite, one of the few radioactive materials cut as a gemstone, taaffeite, the only mineral first discovered as a faceted stone and which was bought from a Dublin jeweler in 1945, brazilianite, a pleasing greenish-yellow gemstone named after its country of origin, and sinhalite, whose similar properties led to its confusion with peridot before it was recognized as a new mineral.

We have now entered a new century and already a new gem mineral, pezzottaite, from Madagascar, has made its way to the markets. It is not possible to predict the future, but new gemstones have been discovered recently in countries, such as Myanmar and Sri Lanka. Furthermore, new areas, such as Antarctica and the arctic regions of the northern hemisphere, areas covered by bogs, forests and deserts remain to be explored. “Based on what has happened in the past, we may look forward to future finds of gemstones; some will be familiar, but others may be wholly unexpected.”

For more info on new gem stones go to: [Gemstone Discoveries: What Is The Likelihood Of Finding A 'New' Gemstone? | Gem- A](#)

**Graves Mountain
Rock Swap and Dig
April 26th - 28th, 2024
Lincolnton, Georgia**

As of this posting, the dig is scheduled for April 2024. No reservations needed.

The mountain will be open to collecting from 8 am to 6 pm each day. All attendees must stop at the welcome table to sign a liability release and to make a contribution/donation to help with the cost of providing porta johns and golf carts. The dig will end, and everyone must be off the mountain by 6:00 p.m. each day.

Rock Swap and Hot Food/Drinks:

Junior will set aside an area in the upper parking lot for tables to be setup for daily rock swaps. Anyone who would like to set up a table(s), please contact Junior at the phone numbers listed below. Hot food cooked on the grill, cold drinks and chips will be available for purchase on the mountain during all three days of these events. There will be an area in the parking lot for vendors to sell and trade minerals. If you would like to set up a booth, contact Jr. at the phone number listed below. Hot food and drinks will be available for purchase on the mountain all three days.

Contact Information:

Clarence Norman Jr. (Junior) - 706-359-1544 (his business) or 706-401-3173 (his cell)

THIS DIG IS OPEN TO ALL CLUBS and ROCKHOUNDS!

GRAVES MOUNTAIN CODE OF CONDUCT!

Park your vehicle in the designated area at the end of the paved access road.

ALL pets must be kept under control and on a leash. The caretaker, Jr. Norman has final and absolute say as to where you may safely work. Ladders or power tools of any kind will not be allowed. (HAND TOOLS ONLY!). STAY AWAY FROM ALL HIGH WALLS! NO RAPPELLING OFF OF ANYTHING! NO ONE IS ALLOWED TO DRIVE THEIR VEHICLE ON ANY PART OF GRAVES MOUNTAIN BEYOND THE PARKING AREA! (The caretaker must accompany anyone driving beyond the parking area!) EVERYONE NEEDS TO BE OFF THE MOUNTAIN BY 6:00 p.m. (Absolutely no one is allowed on Graves Mountain after dark.)

DIRECTIONS: From Washington Georgia, drive east 11 miles on SR-378, look for mine entrance on right. From the Hardee's in Lincolnton, Georgia, drive approximately 5-1/2 miles west on SR-378. Look for the sign at the entrance to Graves Mountain on the left side of the road.

Motels and Camping:

Cullars Inn, Lincolnton, Georgia, 706-359-6161

Soap Creek Lodge, Clarks Hill Lake, Lincolnton, 706-359-4100

Elijah Clark State Park, 706-359-3458 / 800-864-7275

[Don't Forget the Solar Eclipse](#)

The total solar eclipse will be visible along a narrow track stretching from Texas to Maine on April 8, 2024. A partial eclipse will be visible throughout all 48 contiguous U.S. states.

The path of the eclipse continues from Mexico, entering the United States in Texas, and traveling through Oklahoma, Arkansas, Missouri, Illinois, Kentucky, Indiana, Ohio, Pennsylvania, New York, Vermont, New Hampshire, and Maine. Small parts of Tennessee and Michigan will also experience the total solar eclipse. The eclipse will enter Canada in Southern Ontario, and continue through Quebec, New Brunswick, Prince Edward Island, and Cape Breton. The eclipse will exit continental North America on the Atlantic coast of Newfoundland, Canada, at 5:16 p.m. NDT.
